With Touch Control

**AP 4.2**

Wireless Bluetooth Headphones

# Bluetooth® 5.0

## LATEST BLUETOOTH & DISTINCT ACOUSTIC TECHNOLOGY\*

With Bluetooth V5.0, **AP 5.0 X.WIRELESS / X.POWER / A5.0 I.TOUCH** pairs with any device in a breeze, immediately when the headphones are taken out from the case. Enjoy seamless connectivity up to 20m, it is never such free & natural during.

## RICH DETAILS, PERFECT VOCALS & DEEP BASS

The acoustic technology matches with the digital signal processor and renders a perfect blend of each & every note. Adopted CVC Version 6.0 NOISE CANCELLATION technology quells airplane cabin noise, city traffic or a busy office, so you are full control of how much surroundings you want to let in.

## COMPACT & TRAVEL-FRIENDLY\*

Along with 1500mAh RECHARGEABLE BATTERY offers a long standby time of 30hrs and a playback time of 2.5-3 hours, making these wireless ear pods a highly practical travel accessory. Moreover, the fact that the storage case doubles as a power bank makes a dead phone with a drained battery a thing of the past.

## BUY WITH CONFIDENCE

**AP** is backed by Original MICRODIA 12-Month Limited Warranty.

## ERGONOMIC & USER-FRIENDLY

Designed with high-end micro-components, our soft cordless earbuds, each weighing just 4.5g, fit flawlessly inside the earlobe without falling out (not requiring any frequent readjustments), thus not interrupting the flow of music or your workout. Set up is absolutely simple, and the truly wireless technology allows the 2 earphones to be connected and in sync with each other without the need for any cables.

## STRONG COMPATIBILITY

AP is compatible with most of the Bluetooth enabled cell phones like iPhone, iPad, iPod and Android phones. The iPhone range includes The New iPhone XS / XS Max / XR / X / 8 / 8 plus / 7 / 7plus / 6S / 6S plus and iPad 2, 3, 4. It is also recommended to be used for Samsung Galaxy Note9 / S9 / S9+ / Note8 / S8 / S8+.

## EFFICIENT CHARGING\*

**AP 5.0 X.WIRELESS** comes with a unique portable charging case. Battery status is displayed on iOS device to alert you the charging time. Fully charged battery provides 4 hours of music playing time and supports up to 120 hours stand-by time. It takes only 1 hour to charge the battery to its fullest capacity with a USB-C cable.

## SUFFICIENT POWER TO SHARE\*

**AP 5.0 X.POWER** Built-in 1500mAh battery, can charge the earphones for 15 times without power source for a whole-day-use. The charging case also serves as a power bank when it is connected to a device running out of power for emergency charging.

Comes with Drop Protection Silicon Case and Carabiner for Added Portability
